MEMORANDUM FOR THE RECORD

SUBJECT: Meeting With Mr. [REDACTED]

1. During my weekly discussion with Mr. [REDACTED] he presumed that I was aware of the situation concerning the Master Development Plan [REDACTED]. He stated that, because of the letter prepared by Mr. Bissell, it was felt desirable to again bring the entire project before the Project Review Committee. He was of the opinion that Gates Lloyd had talked to Matt Baird concerning this and therefore Matt was knowledgeable of the entire situation. The only assumption that I could make was that [REDACTED], who had previously voiced his opinion that covert training should not be done [REDACTED] got Mr. Bissell to sign a memorandum to that effect. This, however, is only an assumption and I advised Mr. [REDACTED] to this effect.
